THIS AGREEMENT, made on \_\_\_\_\_ (“Effective Date”) , by and between COMPUTER AID, INC., with Corporate Headquarters at 1390 Ridgeview Drive, Allentown, PA, 18104 (“Contractor”) and \_\_\_\_\_, with offices at \_\_\_\_\_ (“Supplier”). Each of Supplier and Contractor may be referred to herein individually as a “Party” and both Supplier and Contractor may be referred to herein jointly as the “Parties.”

**WITNESSETH:**

WHEREAS, the Contractor has entered into a contract with the State of Florida (the "Customer") to provide administrative, industrial, and medical staffing services under Contract Number 80111600-21-STC (“Master Agreement”); and

WHEREAS, the Contractor wishes to hire the Supplier to perform certain time and materials services on an as-needed basis relating to the Contractor's aforementioned contract with the Customer (such software, including all know-how, trade secrets, copyrights, and patentable inventions relating thereto, being hereinafter referred to collectively as the "Program Materials"); and

WHEREAS, both the Contractor and the Supplier desire to set forth in writing the terms and conditions of their agreement, including their respective rights as to the Program Materials.

NOW, THEREFORE, in consideration of the premises hereof and the mutual covenants and conditions hereinafter set forth and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound hereby agree as follows:

**1. Temporary Staffing Services:**

On the terms and conditions set forth herein, Contractor hereby engages Supplier to perform temporary administrative, industrial, and/or medical staffing services on a time and materials basis for the Project in which the Contractor is engaged with the Customer, during the term hereof, and Supplier hereby accepts such engagement. Supplier agrees to use its best efforts, at a level consistent with entities having a similar level of experience and expertise in the administrative, industrial, and/or medical staffing industry, in the performance of the services called for hereunder. Upon selection by Customer, in its sole discretion, of any one or more Supplier Employees, Contractor shall provide required information for each requirement. Information will include at a minimum the following:

- I. the name(s) of the Supplier Employee(s) needed by Contractor (each, an “Assigned Employee”);
- II. the name and location of the Customer for which the Assigned Employee shall work;
- III. the description of skills required and preferable;
- IV. the tasks to be performed by each Assigned Employee;
- V. the start and end date for which Contractor will utilize each Assigned Employee; and

**2. Term of Agreement:**

The Term of this Agreement shall be one (1) year. This Agreement will renew automatically for a period of one (1) year at the end of each Term. Following the first year Term, either party, upon thirty (30) days written notice to the other party, may terminate this Agreement, however, any termination by Supplier shall require Supplier to end any requisition as of the termination date.

- (i) Notwithstanding any termination of this Agreement, the terms of paragraphs 5, 6, 7, 8, 11, 12 and 13 hereof shall continue in full force and effect.

**3. Compliance:**

The Parties acknowledge that the business relationship is between two independent contractors and is not an employer-employee or joint venture relationship. The Supplier warrants and represents that it is a legal entity and that it will continue to act as an independent entity notwithstanding any degree of direction or control exerted over its activities by the Contractor. Accordingly, the Supplier shall pay and report, as applicable, local, state and federal income tax withholdings, social security taxes, worker’s compensation, unemployment taxes and such other taxes as may be required with respect to payments received by the Supplier for the Services provided by it pursuant to this Agreement or with respect to payments by Supplier to its associates.

Further, the Supplier agrees to indemnify, defend and hold harmless the Contractor from any suit, claim, demand, loss, expense or damage, including reasonable attorney’s fees, which may arise pursuant to a claim involving the Supplier or by an employee or agent of the Supplier or of the Supplier’s subcontractor or its employee or agent which asserts or is brought under a theory of an employer-employee relationship between the employee or subcontractor and the Contractor or Customer such as, but not limited to, a claim for worker’s compensation benefits, co-employment claims, unemployment insurance, withholding taxes or payroll taxes. Supplier shall pay its employees or agents in a timely manner and any failure to do so shall be a breach of this Agreement.

Supplier shall purchase and maintain insurance for protection from claims under the Worker’s Compensation Act and other statutory employee benefit provisions, which are applicable in the state in which work related to this Agreement is being performed. Supplier shall obtain and keep in force throughout the term of this Agreement comprehensive general liability insurance to cover claims for damages because of bodily injury, including death, of Customer or Contractor personnel and third parties and from claims for damage to property of Customer or Contractor or third parties which may arise out of or result from Supplier’s performance of work under the Agreement whether such work be performed by Supplier or by Supplier’s subcontractor or anyone directly or indirectly employed by any of them.

Supplier agrees to adhere to non-discrimination policy equivalent to or exceeding that listed above.

**Required Training:**

Supplier agrees to complete Contractor or client required training, assessments, signoffs, etc. prior to beginning assignment and annual as required. This requirement is to be completed at no cost to Contractor or client.

**Background Checks:**

The Customer reserves the right, in its absolute discretion, to require each Supplier resource assigned under this Contract to successfully complete a national background check, education verification, credit history, non-disclosure agreement, in addition to any additional background checks deemed necessary by the Customer. The Supplier will upload the background check results via VMS prior to work assignment start.

**E-Verify Utilization:**

Supplier is required to enroll in and utilize the E-Verify system to ensure its Contingent Staff are eligible to work within the United States. Supplier shall be responsible for all costs resulting from utilization of E-Verify.

**Requirement to Read, Write, Speak, and Comprehend the English Language:**

Unless otherwise requested, all Contingent Staff must be able to read, write, speak, and comprehend the English language in accordance with the minimum requirements of the position description. If the Supplier provides Contingent Staff that are unable to read, write, speak, and comprehend the English language, in the Customer's sole discretion, the Supplier will refund any fees and wages incurred.

**Additional Onboarding Requirements:**

Supplier shall ensure that its resources selected for assignment will comply with all additional onboarding items and position-specific policies.

**Reporting of Criminal Matters**

Supplier is required to report to Contractor any criminal matter to which it has been made aware in which the Contingent Staff assigned to a Customer has been involved. Criminal matters requiring reporting include an arrest, charge, indictment, information, conviction, plea of guilty or plea of no contest, regardless of whether adjudication is withheld and regardless of whether the criminal matter occurred within or outside the workplace. Supplier is required to report criminal matters to the Contractor Account Manager, of which it has knowledge, no later than one (1) Business Day after the occurrence of the event. The Contractor shall notify the Customer no later than one (1) Business Day after the reporting by Supplier of any criminal matter.

**Contract Documentation:**

Supplier must maintain required contract documentation, as outlined in the Contract's posted "Criteria for Participation," throughout the term of this agreement. Additionally, Supplier must monitor the status of any and all optional contract documentation, such as Disadvantaged Business certifications, and immediately inform Contractor upon expiration of this documentation. Should

contract documentation expire, Supplier fails to provide updated documentation, or Supplier fails to inform Contractor of the expiration of this documentation, Contractor reserves the right to terminate this agreement and remove Supplier from the Contract vendor network.

#### **4. Compensation:**

This contract utilizes minimum and maximum Contingent Staff pay rates along with a fixed markup percentage, as shown within Exhibit C. Contractor agrees to pay Supplier the vendor rates set forth on the Engagement within the Vendor Management System (VMS) for all Customer-approved billable hours for services rendered by Supplier during the term of this Agreement or as revised by 4.4. Fees for any renewal of this Agreement shall be as mutually agreed by parties. Supplier employee must enter time into the VMS on a weekly basis or as directed by the Contractor or Customer. In the event of a conflict between the invoice and the approved time within the VMS, the approved time within the VMS shall prevail.

4.1. **Payment Terms** - Supplier is not required to submit invoices to the Contractor. Contractor shall use its best efforts to pay all Customer approved time for the preceding month seven days from the receipt of payment from the Customer. (example: Payment from customer for time from May 1 through May 31 was received by Contractor on July 1st. Payment to Supplier would be paid by July 8th).

**3%/2 Day Option** - Supplier shall have the option to be paid on the 8th day of the subsequent month for the previous month's labor that is approved in the VMS no later than the 5th day of the subsequent month, subject to a discount of three percent (3%) of the invoice amount to be retained by the Contractor. All time not approved by the Customer within the VMS by the 5th day of the subsequent month, but approved in the VMS by the 19th day of the subsequent month shall be paid on the 23rd day of the subsequent month, subject to a discount of one percent (1%) of the invoice amount to be retained by the Contractor. All time not approved by the Customer in the VMS by the 19th day of the subsequent month shall be assigned an invoice date of the approval date and be paid 15 days after the approval date, subject to a discount of one percent (1%) of the invoice amount to be retained by the Contractor. Once the 3%/2 Day option is selected by the Supplier, it cannot be changed by Supplier for a period of six months. To be clear, if the Supplier selects the 3%/2 Day option, the Contractor has the option for each Payment Cycle, to accept the 3% discount and pay on the 8th day of the subsequent month as previously described, or to forego the discount and pay the full invoice amount seven days from the receipt of payment from the Customer at its sole discretion.

**1%/15 Day Option** - Supplier shall have the option to be paid on the 23rd day of the subsequent month (15 days from invoice date) for the previous month's labor that is approved in the VMS by the 19th day of the subsequent month, subject to a discount of one percent (1%) of the invoice amount to be retained by the Contractor. All time not approved by the Customer within the VMS by the 19th day of the subsequent month shall be assigned an invoice date of the approval date and be paid 15 days after the approval date, subject to a discount of one percent (1%) of the invoice amount to be retained by the Contractor. Once the 1%/15 Day option is selected by the Supplier, it cannot be changed by Supplier for a period of six months. To be clear, if the Supplier selects the 1%/15 Day option, the Contractor has the option for each Payment Cycle, to accept the 1% discount and pay on the 15th day after invoice date as previously described, or to forego the discount and pay the full invoice amount seven days from the receipt of payment from the Customer at its sole discretion.

- 4.2. Supplier shall maintain its payroll time records and work reports in accordance with Contractor's requirements for a period of four (4) years. Contractor may audit said books and records during the term of this Agreement and for four (4) years thereafter.
- 4.3. This Agreement does not entitle Supplier to any reimbursement of expenses.
- 4.4. It is understood and agreed that the Customer retains the right to review and amend the bill rates, and therefore, CAI retains the right to revise the Supplier's billing rate to CAI. If CAI advises Supplier of a revision to billing rates, Supplier shall have the option to either (a) agree to the revised rate, or (b) elect to withdraw the resource from the assigned job. The Supplier may not compel CAI to pay the original rate agreed to in the Agreement.
- 4.5. Supplier shall bear responsibility for paying Contingent Staff in compliance with applicable wage and hour laws including, but not limited to, the Fair Labor Standards Act and Florida Employment and Labor Laws. Supplier shall maintain complete and accurate records of all wages paid to Contingent Staff. Supplier shall be exclusively responsible for and will comply with applicable law governing the reporting and payment of wages and payroll-related and unemployment taxes attributable to wages paid to Contingent Staff.
- 4.6. Supplier shall be solely responsible for, and hold Customers and Contractor harmless from, all administrative employment matters regarding Contingent Staff including, but not limited to, all payroll and payroll income tax withholding matters; payment of workers' compensation premiums; funding of appropriate fringe benefit programs; and taking responsibility for and complying with (including offering coverage, if required) the Affordable Care Act with respect to Contingent Staff.

## **5. Indemnification:**

The Supplier, at its own expense, agrees to indemnify, defend and hold harmless the Contractor, its employees, directors, officers, agents, successors and assigns from any claim, demand, cause of action, loss, damage, fine, penalty, expense or liability of any nature whatsoever (including reasonable attorney's fees, costs or expert expenses), including without limitation claims for personal injury (including death) or property or environmental damage, incurred by the Contractor arising out of, resulting from or in connection with any act or omission or the negligence or willful misconduct of the Supplier, its personnel or agents in connection with the performance of the Services hereunder (whether acting in the course of their employment or otherwise) or to the extent that it is based on a claim that Supplier, in the course of its engagement, infringed or violated the patent, copyright, license or other proprietary right of a third party to the extent caused by the conduct of Supplier or Supplier's employees, agents or sub-subcontractors while engaged in the performance of this Agreement or that Supplier otherwise breached the terms of this Agreement or acted negligently, improperly or illegally in the performance of its duties pursuant to the terms of this Agreement. In addition, in the event that any such Supplier performance is held to constitute an infringement of a third party's intellectual property rights and its use is or may be enjoined, Supplier shall, at its option, (1) modify the infringing program at its own expense so that it is not infringing; or (2) procure for the Contractor the right to use and license the use of the infringing program at no cost to either the Contractor or the Customer; or (3) if neither of the foregoing are commercially feasible, terminate the rights of the Contractor and Customer in the infringing materials and refund amounts paid to Supplier for such infringing materials.

Supplier further agrees to indemnify, defend, and save harmless Contractor, its officers, directors, agents, employees and assigns against any and all claim, demand, cause of action, loss, damage, expense or liability of any nature whatsoever (including reasonable attorney's fees, costs or expert expenses) brought by any person or entity for wages, compensation, premiums, tax payments, contributions or employee benefits as well as harassment or discrimination claims (unless caused by Contractor) with respect to any of Supplier's employees, agents, sub-subcontractors or sub-subcontractor's employees assigned to provide Services under this Agreement. Supplier agrees to include this clause in all related subcontracts.

## **6. Ownership of Program Materials:**

Supplier agrees that all Program Materials, reports, and other data or materials generated or developed by Supplier under this Agreement or furnished by either the Contractor or the Customer to the Supplier shall be and remain the property of either the Contractor or the Customer. Supplier specifically agrees that all Program Materials developed or created under this Agreement shall be considered "works made for hire" by Supplier for the Customer within the meaning of the United States Copyright Act, 17 U.S.C. §§ 101 et seq., as amended or superseded and that such material shall, upon creation, be owned exclusively by the Customer.

- (i) To the extent that any such Program Materials, under applicable law, may not be considered works made for hire by Supplier for the Customer, Supplier agrees to assign and, upon its creation, irrevocably and unconditionally automatically assigns and transfers to Customer the ownership of such material, including any copyright or other intellectual property rights in such Program Materials, without the necessity of any further consideration. Supplier additionally hereby irrevocably and unconditionally waives and assigns to Customer any and all so-called moral rights as Supplier may have in or with respect to any Program Materials. Supplier shall perform any acts that may be deemed necessary or desirable by Contractor to evidence more fully the transfer of ownership of all materials referred to in this paragraph 6 to Customer to the fullest extent possible, including, without limitation, by executing further written assignments in a form requested by Customer.
- (ii) To the extent that any preexisting rights of Supplier are embodied in the Program Materials, Supplier hereby grants to Customer the irrevocable, perpetual, non-exclusive, worldwide royalty-free right and license to (1) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof and (2) authorize others to do any or all of the foregoing.
- (iii) Supplier represents and warrants that it either owns or has valid, paid-up licenses for all software used by it in the performance of its obligations under this Agreement.

## **7. Protection of Proprietary Materials:**

From the date of execution hereof and for as long as any information or data remain Proprietary Information or Trade Secrets (as defined in paragraph 7(i)) (collectively referred to as "Confidential Information"), Supplier shall not use, disclose, or permit any unauthorized person to obtain any Proprietary Information or Trade Secrets of Contractor or Customer, including any Program Materials developed or generated hereunder (whether or not the Trade Secrets are in written or tangible form), except as specifically authorized by Contractor or Customer or to the extent the disclosure of such material is required by law or legal process. Supplier shall comply with the terms of the Data Privacy and Security Addendum attached hereto and made a part hereof and marked as Exhibit B: Data Privacy and Security Addendum.

- (i) As used herein, "Trade Secrets" shall include, but not be limited to, a whole or any portion or phase of any scientific technical information, design, process, procedure, formula, business plan or improvement relating to the development, design, construction, and operation of Customer's or Contractor's processes and product offerings that are valuable and not generally known to competitors of Contractor or Customer. "Proprietary Information"

shall include, but not be limited to, customer lists, pricing (including Supplier's pricing to Contractor), sales and marketing plans and strategic planning.

- (ii) This Agreement is intended to address Contractor's legal obligation to protect Customer's proprietary rights pertaining to the Program Materials, Proprietary Information and Trade Secrets. Supplier acknowledges and agrees that its breach or threatened breach of any provision of this paragraph will result in irreparable and continuing damage to Contractor or Customer for which there may be no adequate remedy at law. Accordingly, the Contractor shall be entitled to seek an injunction or specific performance to prevent breaches or threatened breaches of any of the provisions of this Agreement by an action instituted in a court of competent jurisdiction. These remedies are in addition to any other rights to which the Contractor may be entitled at law or in equity.
- (iii) The following shall not be considered Confidential Information: (i) information which was in the public domain at the time of disclosure or at the time of disclosure is, or without fault of the Supplier becomes, available to the public by publication or otherwise; (ii) information which either party can show was in its possession at the time of disclosure or was independently developed by it without any reference to the other party's information and was not acquired, directly or indirectly, from the other; (iii) information received from a third party which had the right to transmit same without violation of any secrecy agreement with the other party; (iv) information which is required to be disclosed pursuant to court order or by law or regulation; provided, however, that in the event disclosure is required by law, regulation or court order, the Supplier will (a) notify the disclosing party of the obligation to make such disclosure promptly and sufficiently in advance of the time required to disclose to allow the disclosing party the opportunity to seek a protective order, (b) shall cooperate with the disclosing party in seeking the protective order, and (c) shall make disclosure only to the narrowest extent required to comply with the law, regulation or court order.
- (iv) Protective Order. If the Supplier is compelled to disclose (a) any Confidential Information (b) the fact that Confidential Information of the Contractor has been made available by the Contractor, or (c) any of the terms of the parties relationship, subject to then applicable law, the Supplier shall provide the Contractor with prompt written notice of such request so that the Contractor may seek a protective order or other appropriate remedy, or waive compliance with the provisions of this Agreement. If a protective order or other remedy is not obtained, or compliance with the provisions of this Agreement is waived, the Supplier shall furnish only that portion of Confidential Information that in its reasonable judgment is legally required, and that it will use its best efforts, at the expense of the Contractor seeking the protective order or other remedy, to obtain reliable assurance that confidential treatment will be accorded to that portion of Confidential Information that is being disclosed.

## **8. Return of Materials:**

Upon the request of Contractor, but in any event upon termination of this Agreement, Supplier shall surrender to the Contractor or the Customer all equipment, tools, consumables, memoranda, notes, records, drawings, manuals, computer software, and other documents or materials, and all copies thereof, pertaining to the Program Materials or furnished by Contractor or Customer to Supplier, including all materials embodying any Trade Secrets within five (5) working days. This paragraph is intended to apply to all materials made or compiled by Supplier, as well as to all materials furnished to Supplier by Contractor or by anyone else that pertain to the Program Materials or Trade Secrets. Supplier shall be held liable for the cost of any and all materials or equipment which are requested and not returned to either the Contractor or Customer. Should Contingent Staff fail to return materials or equipment, Contractor shall send an invoice to the Supplier for the cost of the materials, equipment or both not returned. The Supplier shall pay this invoice within fourteen (14) calendar days. If the Supplier has not paid the invoice within fourteen (14) calendar days, the Contractor will have the option to deduct the exact replacement costs from the final invoice.

## **9. Publicity:**

Neither Party shall issue any news release, public announcement, job posting or other communication, advertisement or publicity whatsoever concerning this Agreement or the parties' relationship hereunder, or use the other Party's name, trademarks, service marks, tag lines or logos, without the prior written approval of the other Party, in that Party's sole discretion. Notwithstanding prior approval, Supplier hereby agrees to immediately cease using the name, logo and/or otherwise publicizing the relationship of the Parties and the Customer upon the written request of Contractor.

## **10. Scope of Agreement:**

Supplier acknowledges that Contractor has or will enter into an agreement with the Customer to provide the services referenced herein and that the Supplier has had the opportunity to review said agreement and the terms and conditions of the Master Agreement between the Contractor and the Customer. The Supplier agrees that these terms and conditions will become part of this Agreement, binding the Supplier to the terms and conditions of the Master Agreement. In the event of a conflict between the terms and conditions contained herein and those contained in the Master Agreement, the terms and conditions in the Master Agreement shall prevail.

10.1 Supplier is responsible for providing information, resumes and employees in accordance with industry best practices. Failure to comply that results in Contractor not meeting the service level agreements in the Master Agreement may result in a reduction in the use of Supplier's services.

10.2 Supplier will use industry best practices testing mechanisms to validate and verify employee's technical skills as described in their respective resume. Contractor may request documentation to substantiate the claimed skills on a resume. In the event that Supplier fails to submit documentation in a timely manner Contractor reserves the right to hold the resume for submission to the client until such time as the documentation is submitted or the requirement is filled.

### ***11. Termination:***

This Agreement shall terminate as set forth herein. In the event Customer terminates Contractor's contract this Agreement will co-terminate. Contractor may terminate this Agreement sooner in the event of Supplier's breach or its failure to adequately and/or sufficiently perform its duties hereunder, or if the Customer requires termination sooner. It is understood and acknowledged by Supplier that its termination of this Agreement in any manner other than as set forth herein shall cause Contractor to incur substantial damages as a result of having to replace Supplier and Supplier will be held liable for any such damages and the costs of replacement of Supplier which Contractor may incur as a result of any premature termination or breach of this Agreement by Supplier.

### ***12. Non-solicitation of Contractor's Customers:***

The Supplier agrees that it will not, without the express written consent of Contractor, directly or indirectly solicit, divert or take away any of the Customers (as set forth in the Statement of Work and including, but not limited to, any divisions, affiliates or subsidiaries of said Customers), business or patronage of said Customers, or perform work directly or indirectly for the Customers, who were served on behalf of Contractor during the term of this Agreement and any renewals hereof. Supplier further agrees that it will not use any information regarding Customers of Contractor which it may procure during the course of this Agreement. The prohibitions contained herein shall continue for a period of one (1) year from the date of the termination of this Agreement.

The Supplier agrees that Supplier or their employees may not solicit Customer or any Customer agencies for Time & Materials positions that have been referred to Contractor by Customer under this Agreement or other contracts that are within the same scope as this Agreement. Solicitation may result in dismissal from the vendor network and /or termination of this Agreement during the term of this Agreement and any renewals thereof. Subcontractor further agrees that it will not use any information regarding customers or suppliers of Contractor which it may obtain during the course of this Agreement. The prohibitions contained herein shall continue for a period of one year from the date of the termination of this Agreement, or upon termination of Contractor's contract with Customer, whichever is earlier.

### ***13. Non-solicitation of Employees:***

Supplier agrees that without the written consent of the Contractor, it shall not, prior to the ending of the twelve (12) month period next succeeding (a) the date of completion of any related Statements of Work associated with this Agreement or (b) the date of termination, resignation or other separation from employment of any employee of Contractor, directly or indirectly solicit, divert or hire any employee of the Contractor or Customer with whom there has been contact in connection with the performance of services under a requisition.

Each party hereto shall be excused from performance hereunder for any period and to the extent that it is prevented from performing any services pursuant hereto in whole or in part, as a result of delays caused by the other party or an act of God, flood, fire or explosion, war, invasion, act of terrorism, riot or other civil unrest, actions, embargoes or blockades in effect on or after the Effective Date, national or regional emergency, governmental ordered business closure, epidemic, pandemic or plague or other cause beyond its reasonable control and which it could not have prevented by reasonable precautions, including failures or fluctuations in electric power, heat, light, air conditioning or telecommunication equipment, and such nonperformance shall not be a default hereunder or a ground for termination hereof. Supplier’s time of performance shall be enlarged, if and to the extent reasonably necessary, in the event that:

- (i) Customer fails to submit input data in the prescribed form or in accordance with the agreed upon schedules;

- (ii) Special request by Customer or any governmental agency authorized to regulate, supervise, or impact CAI's normal processing schedule;
- (iii) Customer fails to provide any equipment, software, premises or performance called for by this Agreement, and the same is necessary for Supplier's performance hereunder. Each engaged resource must enter time into the VMS accurately and honestly. Failure to report time in an accurate, honest, and timely manner may result in disciplinary action, termination of the engagement, and/or termination of this Agreement.

**23. Payment of Employees, Suppliers or Sub Consultants:**

Supplier is required to pay all of its employees, subcontractors or sub consultants for all work that the employee, subcontractor or sub-consultant has satisfactorily completed no later than (10) days after the Supplier has received payment from the Contractor. Should Supplier fail to make payment as set forth herein, Contractor shall be entitled to engage the Supplier's employee, subcontractor or sub-consultant directly and Supplier shall release any non-compete or non-solicitation agreement it may have with its employee, subcontractor or sub-consultant. Further, Contractor's customer may hire Supplier's employee, subcontractor or sub-consultant directly as a full-time employee of Customer without any further compensation being paid to Supplier and Supplier shall release any non-compete or non-solicitation it may have with the employee, subcontractor or sub-consultant.

**24. Miscellaneous:**

All of the terms and provisions of this Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the parties hereto and their respective heirs, successors, legal representatives and permitted assigns.

If any of the provisions of this Agreement are ultimately deemed by a court of competent jurisdiction to be illegal, invalid or unenforceable, such provisions shall be deleted and the remaining terms and provisions of this Agreement shall continue in full force and effect.

This Agreement may be executed in several counterparts, all of which taken together shall constitute one single agreement between the parties hereto.

The section headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

If the party signing this Agreement is doing so as representative of either party, that person guarantees and represents that they have the express authority to bind their respective party.

## EXHIBIT B: Data Privacy and Security Addendum

### PRIVACY AND SECURITY REQUIREMENTS

For purposes of this agreement;

The term “Personal Data” shall mean any data, information or record that directly or indirectly identifies a natural person or relates to an identifiable natural person or is otherwise subject to any Privacy Law (as defined below), including, but not limited to, name, home address, telephone number, personal e-mail address, payment/credit card data, Social Security Number (SSN), Tax Identification Number (TIN), driver’s license number, national ID number, bank account data, passport number, combination of online username and password, medical and health-related information and any other Personally Identifiable Information that Supplier or any third party acting on Supplier’s behalf processes in connection with the services provided to Customer or Contractor by Supplier.

The term “Contractor Data” shall refer to any and all data that is owned or created by Contractor as it relates to Contractor’s finances, business operations, intellectual property, human resources, or its Customer.

The term “Customer Data” shall refer to any data belonging to Contractor’s Customer which would be classified in similar fashion to Contractor’s Data (e.g., customer finances, customer business operations, customer intellectual property, etc.). Contractor may be maintaining Customer data within Contractor’s infrastructure; however, this data is still to be defined as Customer Data.

The terms “Personal Data”, “Contractor Data” and “Customer Data” are collectively referred to as “Data”.

The term “Information Security Incident” means actual or suspected (i) loss or theft of Data; (ii) unauthorized use, disclosure, acquisition, transmission of or access to, or other unauthorized processing of Data that reasonably may compromise the privacy or confidentiality of the Data; or (iii) unauthorized access to or use of, inability to access, or malicious infection of, Supplier systems that reasonably may compromise the privacy or confidentiality of Data.

The terms “process,” “processing” or “processed” in relation to Data include, without limitation, receipt, collection, creation, recording, organization, storage, retrieval, consultation, use, manipulation, amendment, transmission, disclosure, discarding, destruction and/or erasure.

Supplier agrees, covenants and warrants to Contractor that at any and all times during which it processes Data, Supplier will:

- a) Take all appropriate and commercially reasonable measures, including, without limitation, the administrative, physical, technical (including electronic), and procedural safeguards set forth in the Data Privacy and Security Addendum, including but not limited to encryption that meets storage industry standards of data at rest and in transit, to protect the Data against any Information Security Incident. For information processed in electronic form, Supplier agrees that such safeguards must include, without limitation, electronic barriers (e.g., “firewalls” or similar barriers) and password-protected access to the Data. For information in written or other tangible form, Supplier agrees that such safeguards must include secured storage and secure destruction of the Data in accordance with applicable law and applicable privacy standards;
- b) Maintain or cause to be maintained a reasonable and commercially feasible information security program that complies with all applicable laws and is designed to reasonably ensure the security and confidentiality of all Data;
- c) Comply with all applicable laws and industry standards that relate in any way to the privacy, data protection, electronic storage, confidentiality, processing or security of Data and apply to Supplier or Contractor – including without limitation (i) state security breach notification laws; laws imposing minimum security requirements; laws requiring the secure disposal of records containing certain Data; and all other similar federal, state, local and international requirements; (ii) electronic storage industry standards concerning privacy, data protection, confidentiality or information security; and (iii) U.S. state data protection laws including, without limitation Massachusetts 201 CMR 17.00 – 17.05 Standards for the Protection of Personal Information of Residents of the Commonwealth and California Consumer Privacy Act (CCPA) of 2018 as of 1 January 2020 (collectively, “Privacy Laws”)
- d) Not transfer Data outside the United States of America for processing without the prior express written consent of Contractor;
- e) Not sell, share, or otherwise transfer or disclose any Data, to any other party, without prior express written consent from Contractor, except as specifically permitted under the Data Privacy and Security Addendum or required by law;
- f) Not use Data in any manner not specifically permitted under this Agreement without prior express written consent from Contractor;
- g) Not send or provide any marketing or promotional communications to Contractor or Customer employees or consumers without Contractor’s or Customer’s explicit written consent;
- h) Not aggregate or combine Data with any other data without prior express written consent from Contractor;
- i) Not subcontract any of its rights or obligations under this Data Privacy and security Addendum without the prior express written consent of Contractor. Where Supplier, with the consent of Contractor, subcontracts its obligations under this Data

Privacy and Security Addendum, it shall do so only by way of a written agreement with its subcontractor that imposes the same privacy and security obligations on the subcontractor. Whenever Supplier employs the services of third-party service providers to assist it in performing its obligations under this Data Privacy and Security Addendum, Supplier agrees that such service providers are capable of maintaining appropriate safeguards for Data and that Supplier has contractually obligated such service providers to maintain appropriate safeguards designed to comply with applicable law and applicable privacy standards. Where the subcontractor fails to fulfill its obligations under any sub-processing agreement, Supplier shall remain fully liable to Contractor for the fulfillment of its obligations under this Data Privacy and Security Addendum;

- j) Ensure that Data are only available to Supplier personnel who have a legitimate business need to access the Data, who are bound by legally enforceable confidentiality obligations, and who have received training in data protection law;
- k) Not retain Data any longer than is reasonably necessary, in accordance with Contractor record retention policies, to accomplish the intended purposes for which the Data was processed pursuant to this Data Privacy and Security Addendum. When Data is no longer necessary for the purposes set forth in the Data Privacy and Security Addendum, or promptly upon the expiration or termination of the Agreement, whichever is earlier, or at an earlier time as Contractor requests in writing, Supplier shall take reasonable steps to return, destroy (e.g., by secure shredding and/or digitally wiping), or arrange for the secure destruction of each and every original and copy in every media of all Data in Supplier's possession, custody or control. Promptly following any return or alternate action taken to comply with this paragraph, Supplier shall certify in writing to Contractor that such return or alternate action occurred, and the method used for such destruction. In the event that applicable law does not permit Supplier to comply with the delivery or destruction of the Data, Supplier warrants that it shall ensure the confidentiality of the Data and that it shall not use or disclose any Data at or after the termination or expiration of the Agreement;
- l) Where Supplier uses a third party for disaster recovery or other services, Supplier shall (i) disclose this to Contractor in writing, including the name of the provider, purpose of the services (e.g., disaster recovery), steps taken with third party to address confidentiality, privacy and security, and (ii) cause each such third party to agree in writing to be bound by terms and conditions substantially similar to those in (a) – (k) above and (m). Additionally, Supplier agrees to audit the procedural, administrative, physical and technical measures used by each such third party, at least once a year, which may include or consist of, at Contractor's option, a SSAE 18 audit of such third party, if available;
- m) Monitor Supplier's information systems for unauthorized access and implement an incident response policy that specifies actions to be taken when Supplier detects or becomes aware of such unauthorized access to its information systems. Supplier shall provide a copy of such incident response policy to Contractor upon request;
- n) If requested by Contractor, within five business days from the date upon which the request was made by Contractor, either: (i) update, correct or delete Data or modify the individual's choices with respect to the permitted use by Contractor of such Data; or (ii) provide access to Contractor to enable it to perform the activities described in clause (i) itself;
- o) Immediately notify the Contractor Chief Compliance Officer if Supplier receives notice from any governmental or regulatory authority alleging that Contractor or Supplier has failed to comply with Privacy Laws in connection with the performance of this Agreement, or if Supplier otherwise becomes aware and reasonably believes that Supplier or Contractor may have failed or may in the future fail to comply with Privacy Laws in connection with the performance of this Agreement; and
- p) At Contractor's direction, cooperate and comply with any requests or instructions issued by any privacy or data protection authority, including any governmental or regulatory authority applicable to Contractor or Data.
- q) In the event of an Information Security Incident, such notice shall summarize in reasonable detail the nature of the Information Security Incident, the suspected data that is lost, stolen or compromised, if known, the parties which have or will be informed of the Information Security Incident, and the corrective action taken or to be taken by Supplier."

Supplier shall promptly notify Contractor in writing of any Information Security Incident of which Supplier becomes aware and of any request for access to any Data from any third person or any government official, including any data protection or law enforcement agency; and of any and all complaints or other communications received from any individual pertaining to Supplier's confidentiality policies or procedures applied to Data and/or the processing of either. In the event of an Information Security Incident, such notice shall summarize in reasonable detail the nature of the Information Security Incident, the suspected data that is lost, stolen or compromised, if known, and the corrective action taken or to be taken by Supplier. Supplier shall promptly take all necessary steps to robustly investigate and remediate, including, but not limited to, conducting a third-party forensic analysis. Supplier shall cooperate fully with Contractor in all reasonable and lawful efforts to prevent, mitigate or rectify such Information Security Incident or necessitate the disclosure of Data to a government official. All information relating to each Information Security Incident must be retained by Supplier until Contractor has specifically consented in writing to its destruction. If requested by Contractor and subject to Contractor's confidentiality obligations, Supplier shall permit Contractor and its agents to access Supplier's facilities and/or the affected hardware or software, as applicable, to conduct a forensic analysis of each such Information Security Incident.

In the event of an Information Security Incident, Supplier shall (i) promptly, after becoming aware of such Information Security Incident, notify the Contractor Security Officer by telephone, email and in writing at the address below of all known facts thereof, and (ii) at Contractor's option and at the direction of Contractor, whether or not required by applicable law, provide written notice to the individuals whose Data was reasonably connected to the Information Security Incident, or reimburse Contractor for all direct out of pocket and commercially reasonable costs it incurs in providing such notice and/or in responding to governmental authorities, including, without limitation, (1) paying for postage and copying of Contractor legally required notices; (2) offering to the affected individuals and providing, to those who elect to receive it, at least two years of credit monitoring services at Supplier's expense; (3)

paying for costs associated with implementing a call center, and (4) paying for costs associated with any forensic or legal analysis required. To the extent a State Attorney General or other governmental/judicial authority renders a fine, penalty or judgment, or requires an alternate remedy following an Information Security Incident, such as the provision of identity theft insurance, Supplier will offer and provide the required remedy at its own expense.

Information Security Incident notifications shall be provided to:

Security Officer, Computer Aid, Inc., 1390 Ridgeview Dr., Allentown, PA 18104, USA; email: [security@cai.io](mailto:security@cai.io) and by telephone at (610) 530-5000

In addition, Supplier shall report all Information Security Incidents in compliance with the State of Florida Statute 501.171.

Contractor shall have the right to verify Supplier's compliance with the terms of this section or to appoint a third party under reasonable covenants of confidentiality to verify the same on Contractor's behalf. Supplier shall grant Contractor or Contractor's agents unimpeded access to the extent necessary to accomplish the inspection and review of all data processing facilities, data files and other documentation used by Supplier for processing of Data in relation to this Data Privacy and Security Addendum. Supplier agrees to provide reasonable assistance to Contractor in facilitating this inspection function. Upon request, Supplier shall provide Contractor with a list of Supplier personnel entrusted with processing the Data transferred by Supplier, together with a description of their access rights. An inspection performed pursuant to this section shall not unreasonably interfere with the normal conduct of Supplier's business.
