Guidelines for Successful Submissions

Receiving Job Requirements

Email notifications sent via VectorVMS.

- Make sure your email address is complete and accurate so you receive all VectorVMS notifications.
- Check your Spam filter to make sure the notifications were not sent there.

CAI must submit 3 to 5 fully qualified candidates within 4 business days of releasing the requirement.

Submitting Candidates

Candidate Preparation

- VectorVMS will only allow two (2) candidate submissions per supplier by default, so ensure that your best candidates are being submitted
- Only one layer of subcontracting is allowed between you and the candidate.
- Send a copy of the job description from VectorVMS and share position details – name of organization, length of project, skill sets, location, etc.
- Discuss and finalize rates with your candidate prior to submittal, and whether you or the candidate will be responsible for any expenses incurred for travel to/from interviews with the agency, if a face to face interview is required, etc.
- Inform them that CAI will be calling them directly regarding the position to validate their qualifications and to validate that your company has the authority to represent them for the position.

Email Address

- Enter a valid email address for candidates. VectorVMS sends automatic emails to the address provided.

Phone Number

- The CAI Account Manager will call candidates directly. If a phone number isn't provided, your candidate **WILL NOT** be considered.

Summary of Qualifications

- Use this field to "sell" your candidate to the CAI Account Manager and Hiring Manager. This is often one of the first pieces of information reviewed.

Required/Desired Skills

- Provide accurate responses to the list of skills on the requirement. CAI Account Manager will validate the skills listed with the candidate.

Resume

- Submit resume on the CAI Account Manager's template and remove any candidate contact information prior to submittal. List the candidate's experience with each of the required/desired skills.

Electronic Right to Represent

- Supplier will email the candidate the details of the VectorVMS requirement (including the Right to Represent template).
- Candidate will paste the template into an email message and update it to reflect position specific details (candidate name, supplier name, requirement name, and requirement number).
- Candidate will send email containing completed Right to Represent information to you to upload into the Compliance section of the candidate submittal.
- CAI Account Managers will continue screening candidates following the same process that is currently in place, requiring each candidate to verbally validate the submitting firm. CAI reserves the right to reject candidates that have not submitted the E-RTR at the time of screening.

Connecticut IT MSP Contract

Candidate On-Boarding

e-Verify

- Must provide Initial Case Result of candidate selected for engagement within 3 days of engagement start date.

Additional Items

- Agencies may have additional on-boarding items, which will be listed in the requirement.

Notifying Account Manager

- Upon receipt of all required on-boarding documents, you will upload them into the candidate's profile within VectorVMS and notify the Account Manager associated with the requirement.

Staying Informed

CAI Broadcasts via VectorVMS

- Weekly updates listing open requirements with a ranking of HIGH, MEDIUM, or LOW priority, as well as upcoming needs.
- Ad-hoc communications requesting candidate availability for potential opportunities.

Questions

Please contact CAI's MSP Help Desk (CT.Help@cai.io) if you have any additional questions.
